**Tandem RT300 — Branding Your Wash Experience!**

PDQ has developed a custom brush color and decal package for the Tandem<sup>®</sup> RT300. Now you can upgrade your wash system with customized brush colors and bridge decals to maximize your company's brand image.

Today's leading marketers know that brand image is everything and it has been proven that consistent use of color can reinforce a brand.

The Tandem's custom brush colors and graphics are available in a variety of standard color combinations including: blue, red, green, orange and yellow; the bottom side brush section is black. Other colors may be available as special requests and typically require additional time.

*Have a special request or need assistance in designing a custom look for your wash? Ask for details on how we can design a custom color palette for your wash system.*

NOTE: All bottom side brush sections (approx. 1/3) are black.

\*Some restrictions apply.

**Order your custom brush colors today.**
