The Complete Site Management System

SMS

Site Management System

We've just made managing your car wash a whole lot simpler with **SMS (Site Management System)**. It's a software enhancement system that will make your life much easier and stress-free. SMS readily interfaces with the Access[®] entry unit to give you real time sales and performance data 24/7 via the Internet. All you have to do is click on your mouse to ensure your sites keep generating revenue to their full potential.

Total Remote Site Control

SMS lets you spend time where you're needed the most. You don't have to spend hours manually entering data and keeping your accounts in order. It does it all for you, so you can utilize your time more effectively - with your customers, supervising your staff, at home with the family, networking at the golf course or vacationing in the Bahamas.

With SMS, you can track details of all carwash transactions that occur at all your sites from anywhere in the world.

SMS constantly is in communication with the site and immediately identifies any problems.

SMS consolidates all your reports

On-line Convenience

SMS consolidates all your reports, and helps you closely monitor how well your sites are doing in terms of sales. With clear sales and historical reports you can adjust promotional offers to suit market conditions and drive further sales.

- Secure system – all users are assigned a role, which controls their level of access and the functions they can perform.
- Each SMS installation will initially be provided with a single administrative account.
- Single application allows multiple user accounts.
- Support an unlimited number of sites.
- Group maintenance allows you to define logical groups of sites for reporting or profit sharing purposes.

Customized Reports

SMS gives you all the information you need to run your car wash more efficiently and effectively. It allows you to automatically set it up to print reports according to your needs and preferences:

- **General sales report** – includes type of sale, quantity, percent of total, dollar amount, percent of total sales, total credit card sales, total sales, outstanding refunds, car wash packages and sales on buy-ups.
- **Sales comparison reports**
 - Compare previous month to the corresponding month of the previous year
 - YTD to previous YTD
 - Compare year to year sales (with monthly breakdowns)
 - Compare previous quarter to the corresponding quarter of the previous year
- Unlimited—enter two date ranges
- Hourly sales report
- All reports and graphs are downloadable to Microsoft Excel for further analysis
- Allows consolidated sales data to be exported into accounting packages

SMS gives you the information you want, when you want it, regardless of where you are

These easy-to-read reports give you an accurate snapshot of your entire car wash operation. You can also export the data to general comma separated format and edit it according to your needs for use on your spreadsheets. SMS gives you all the information you want, when you want it, regardless of where you are.

It All Starts With Access®

Access is a powerful customer management system that offers complete site integration, marketing flexibility and multiple payment options, and bigger profits for you.

The Access Customer Management System features the Access entry unit, Point-of-Sale (POS) systems, Access Traffic Management System and the **Wash Access Loyalty System (WALS)**.

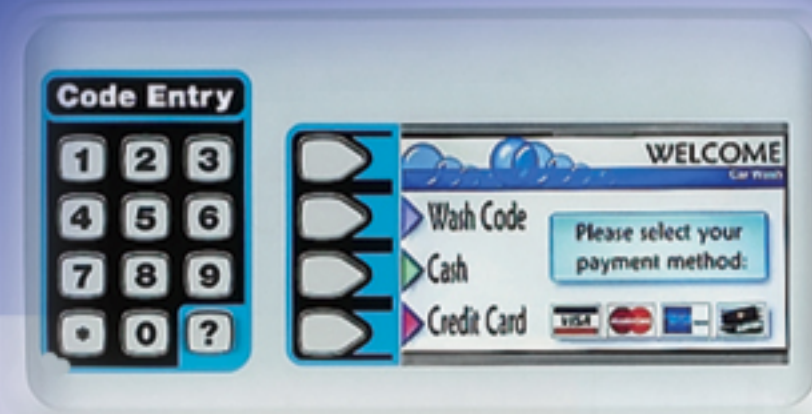

No other system offers the same level of security and built-in payment flexibility. The Access Customer Management System delivers the high quality you have come to expect from PDQ.

As easy as 1-2-3

Nowhere else can you find such ease and convenience in one entry unit that is easy-to-read, **easy-to-use and easy-on-the-ears**. An easy, painless process goes a long way in generating repeat business. That's why the intuitive, easy-to-use, ergonomically designed Access entry unit features a user-friendly layout with large buttons, high quality audio prompts and easy-to-read screens. With Access, it's easy-in, easy-out. And for you, it means happier customers and increased profits.

Multiple Payment Options

With Access, there's a payment option that's just right for each and every customer. Access accepts coins, credit cards, codes, customer account cards and bills in denominations of \$1, \$5, \$10 and \$20. And, it **dispenses dollar bills as change**. Multiple payment options allow you the flexibility to up-sell packages and cross-sell car wash products.

Unmatched Security

Built with theft prevention in mind, Access offers better security than any other entry unit in the market. It's heavily equipped with standard security features including a built-in heavy duty patented **combination-locked vault** and a door open sensor that automatically alerts via email when the door is opened.

Key Access Benefits

- Dispenses dollar bills
- Secured vault
- Faster transactions
- Greater marketing flexibility
- Complete site integration
